What do you get when you entwine traditional subjects with fine arts, technology and biblical truths?

You get an engaging, solid and individualized education for each student.

ELEMENTARY:

Small class sizes help students learn in a safe environment where we can be attentive to each student's individual needs. Classes include: Social Studies, History and Geography layered with PE and Art, Hands on Science, Literature and Language Arts. All classes are combined with plenty of hands on activities

MIDDLE SCHOOL:

Guided, Project-Based Education and Research creates one of the best environments for the 6th thru 8th grade students to grow academically while continuing to study the traditional subjects of Science, History, Math, Language Arts and Worldview.

HIGH SCHOOL:

Continuing in the traditional subjects, the 9th-12th grade students begin the journey toward graduation. Whether a student chooses college or chooses a different path after graduation, Crossing Heritage Academy is here to support their decision and prepare them for what God has called them to do.
